## Marvel HeroClix: Avengers/Defenders War – Man-Thing

Greetings HeroClix Fans!

Welcome back as we continue our series of previews for our upcoming **Marvel HeroClix: Avengers/Defenders War** set! Today we Adventure Into Fear, deep in the Florida Everglades, and find the mysterious and powerful **Man-Thing**!

As a biochemical researcher with Project: Gladiator trying to recreate the Super Soldier Serum, Dr. Ted Sallis uncovered a plot by AIM agents to steal his work. He destroyed his notes and took off into the swamp but wrecked his car where a mix of chemicals from his serum and mystical energies from the Nexus of Realities transformed him into the infernal **Man-Thing**, a lumbering plant like creature with barely any human intellect remaining and an acidic touch that burns anyone experiencing fear.

With the *Defenders*, *Legion of Monsters*, *Thunderbolts*, *Monster*, and *Mystical* keywords **Man-Thing** brings the magical might of the swamp to your force. For 125 points he punishes anyone who damages him with an attack with the *Mystics* team ability. **Man-Thing** also helps out his closest allies with the *Defenders* team ability and his trait, *Defenders Together* once per turn allowing a friendly character that uses the *Defenders* team ability to replace their defense value with **Man-Thing's** to reduce penetrating damage and cause an attack using *Mind Control* to automatically miss. Offensively he can deal penetrating damage on every click as his dial begins and ends with the combination of *Phasing/Teleport*, *Poison*, *Toughness*, and *Exploit Weakness*. On click #3 he has a *STOP* click thanks to his special power on damage *Taken Possession Of A Mindless Husk*. This *STOP* click ensures he lands on his sweet spot. His special power on speed, *Possessed By The Six Fingered Hand*, which cannot be countered, makes **Man-Thing** go *Giant-Sized* with a range value of 5 and *Sidestep*. He also has *Penetrating/Psychic Blast* and a stunning 19 defense with *Impervious* that shifts down to *Invulnerability* before shrinking back to normal size; this is the highest defense value in **Modern Age** formats that can be shared with the *Defenders* team ability. On top of all that he disregards pushing damage thanks to *Indomitable* giving him the use of *Willpower*.

"Whatever knows fear burns at the Man-Thing's touch!"

Thanks for reading! Join us again as we reveal more exciting characters and highlight strategies and team builds from the **Marvel HeroClix: Avengers/Defenders War** set and visit the WizKids Info Network to find upcoming Pre-Release Events near you!

Until next time, Go Defenders!
